Community Days presented by Amgen

The Road to World Cup Community Day, presented by Amgen, serves as one of the Los Angeles World Cup 2026 Host Committee’s legacy initiatives, that will activate volunteers across LA County to enhance public spaces and celebrate community pride ahead of FIFA World Cup 2026™, as we get ready to host this global event in our region. The program will feature two flagship events, the first taking place at Gloria Molina Grand Park in Downtown LA on March 14, 2026, and the second event later in the spring. Volunteer registration for the March 14 event will open in mid-February.

The Los Angeles World Cup 2026 Host Committee will also provide resources, guidance, and materials to municipalities throughout the county to stage their own community days on March 14 and again later this spring. These county-wide efforts will create enhancements to parks, pathways, and gathering spaces, showcasing LA’s collaborative spirit, and leaving a legacy that extends far beyond the tournament.

“The legacy of the FIFA World Cup 2026 will be defined by how it shows up in our communities,” said **Larry Freedman, Co-Chair of the Los Angeles World Cup 2026 Host Committee**. “From introducing kids to the game of soccer, to bringing volunteers together to beautify neighborhoods, our community events reflect what this World Cup means for the Los Angeles region. These programs are designed to ensure the World Cup leaves a legacy beyond the final whistle that reaches every corner of LA.”

Kick It With Us Mobile Bus Tour

As the region approaches 100 days to go to FIFA World Cup 2026™ on March 3, the Host Committee, will launch a mobile marketing tour, designed to bring the excitement of the World Cup directly to communities. The *Kick It With Us Mobile Bus Tour* will pop up at high-foot-traffic locations and culturally significant events across the region. With its adaptable, on-the-go setup, the tour will provide soccer education, inspire grassroots participation and fandom through various interactive engagement elements leading up to FIFA World Cup 2026™.

Economic Impact

All these activities serve to further enhance the impact that the FIFA World Cup 2026™ will make in Los Angeles. Now that the Final Draw has taken place, and plans are becoming finalized, the Los Angeles World Cup 2026 Host Committee has released updated economic projections, which highlight the impact that the world’s largest single-sport event will have on the greater Los Angeles region.
